FROM THE HIMALAYAS TO HAPPY DOGS

International Himalayan Dairy Industries Pvt. Ltd. produces traditional Himalayan dog chews in Nepal.

Our chews are inspired by Chhurpi, a traditional hard cheese prepared in the Himalayan region. Yak and cow milk are carefully processed, pressed, and slowly dried to create a firm and naturally satisfying chew.

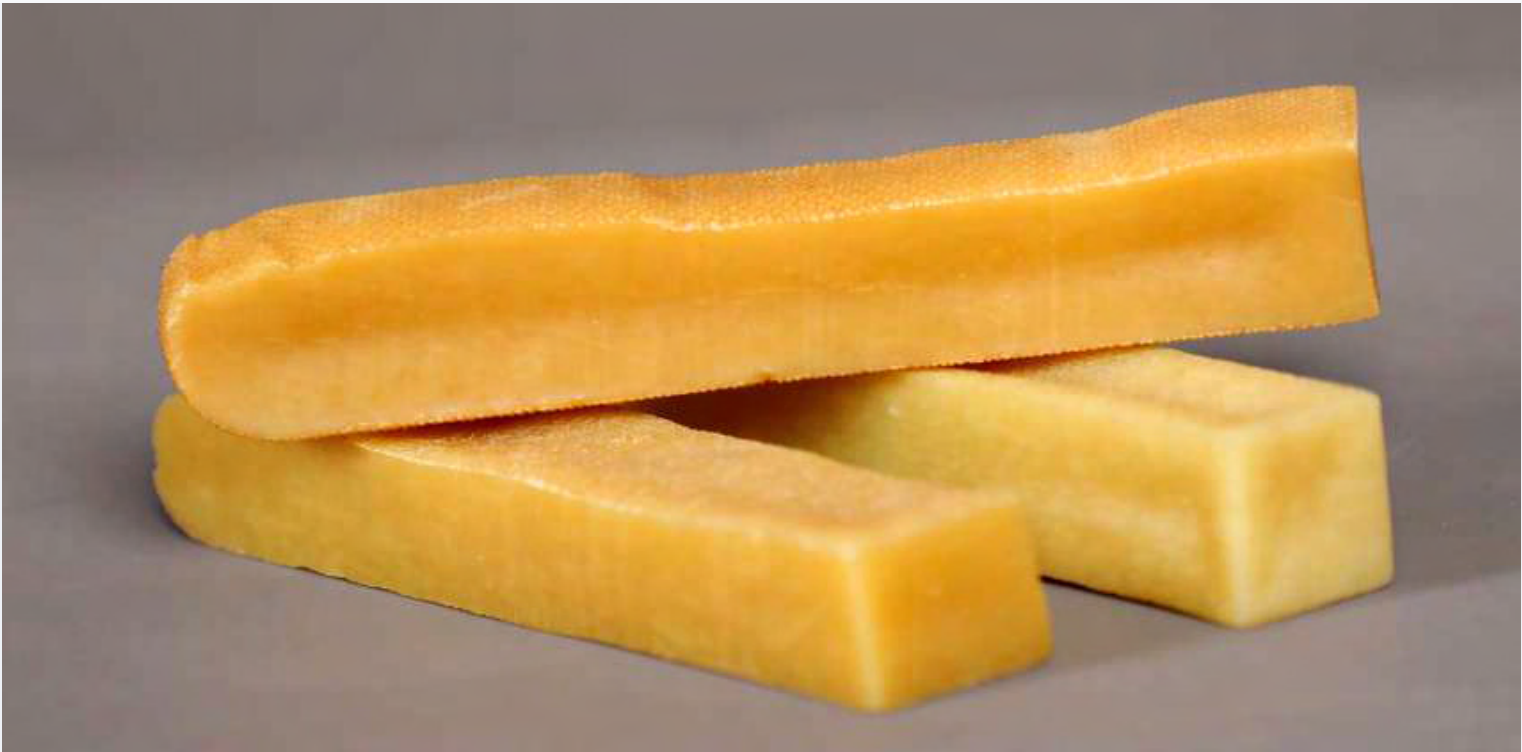

We offer a growing selection of Himalayan cheese products for pet businesses, distributors, retailers, and private label brands. From traditional chew bars to convenient puffs and cheese powder, every product is created to bring the authentic character of Himalayan Chhurpi to dogs around the world.

02 HIMALAYAN DOG CHEW

Our Himalayan Dog Chew is a firm cheese chew made from yak and cow milk, lime juice, and salt. The traditional preparation process gives the chew its dense texture and distinctive Himalayan character.

Its firm structure provides dogs with an engaging and longer lasting chewing experience. The natural chewing action may also help with the mechanical cleaning of teeth while keeping dogs occupied.

03 SLIM CHEW

Slim Chews offer the familiar taste and firm texture of Himalayan Chhurpi in a thinner and easier to handle form. Their compact shape makes them suitable for puppies, smaller breeds, and dogs that prefer a more manageable chewing experience.

Made with the same simple ingredients as our traditional chew bars, Slim Chews contain no artificial preservatives or binding agents.

INGREDIENTS	AVAILABLE SIZES	SUITABLE FOR
Yak milk, cow milk, lime juice, and salt	Small and Medium	Puppies, small breeds, and moderate chewers

04 MICROWAVE NUGGETS

Our Microwave Nuggets are smaller pieces of traditional Himalayan cheese chew. When heated, they expand into a light and crunchy treat — convenient for rewarding, training, or adding a different texture to a dog's treat routine.

1 Place the nugget on a microwave safe plate.	2 Microwave for approximately 30 to 60 seconds, or until the nugget expands.	3 Allow it to cool completely before serving.
---	--	---

Microwave time may vary according to the appliance and nugget size. Always supervise preparation and check the temperature before serving.

INGREDIENTS Yak milk, cow milk, lime juice, and salt	PREPARATION Microwave for approximately 30 to 60 seconds	SUITABLE FOR Treats, rewards, and training

05 HIMALAYAN PUFFS

Himalayan Puffs bring the traditional flavour of Chhurpi into a lighter and crunchier format. They are available in several shapes and sizes, making them suitable for training, rewarding, and everyday treating.

MINI PUFFS

Small, light, and easy to serve. A practical option for small and medium sized dogs.

STICK PUFFS

Crunchy stick shaped treats suitable for dogs that enjoy moderate chewing.

PUFF BARS

A thicker puffed format created for a more substantial crunchy experience.

AVAILABLE FORMATS

Mini Puffs, Stick Puffs, and Puff Bars

TEXTURE

Light and crispy

SUITABLE FOR

Treating, training, and rewarding

06 FLAVOURED CHEWS

Our Flavoured Chews combine the firm texture of traditional Himalayan Chhurpi with a selection of dog friendly flavours. Each variety offers a different taste experience while maintaining the long lasting chewing quality dogs enjoy.

AVAILABLE FLAVOURS

Blueberry · Strawberry · Raspberry · Pumpkin · Mint · Peanut Butter · Additional flavours available upon request

INGREDIENTS	AVAILABLE SIZES	SUITABLE FOR
Yak milk, cow milk, lime juice, salt, and selected flavour ingredients	Small, Medium, Large, and Extra Large	Dogs that enjoy variety in flavour and texture

07 HIMALAYAN CHEESE POWDER

Himalayan Cheese Powder is prepared by finely grinding Chhurpi into a convenient powdered form. Its rich cheese flavour can make regular meals more appealing, especially for dogs that are selective about their food. Simply sprinkle the desired amount over the dog's regular meal.

FORM	HOW TO USE	SUITABLE FOR	PACKAGING
Finely ground Himalayan Chhurpi	Sprinkle over regular food as a meal topper	Dogs of different ages and selective eaters	Wholesale, bulk, and retail formats
